Mr. Truman O. Andrews
Chief Project Engineer
Hammermill Paper Co.
Erie, Pennsylvania

Dear Mr. Andrews:

This is to confirm your telephone conversation with Robert Stallbaum of this office on 7-18-72 regarding the sealing of your disposal wells.

As Mr. Stallbaum stated, even though a permit has been secured from Mr. Ziegler's office in Harrisburg, the actual sealing of the wells cannot be done without the approval of the Bureau of Water Quality's Ground Water Section. Sealing without prior approval would result in a permit violation.

Mr. Carlyle Westlund, Chief of that section is reviewing your plans at this time and will be in contact with you very shortly regarding his review. If you should want to contact Mr. Westlund his phone number is 717-787-2908.

Thank you for your cooperation.

Very truly yours,

Raymond J. Walker, Acting Chief
