E.P.A.

I will try to answer as many of the questions as fully as possible. Mobil Oil Corp. owns the property but we are not located in the Valley Forge Corp. Center.

The largest quantity product transported to my location is gasoline. I receive approx. 8-10 loads of gas per month. Mobil delivers and dispences all of the fuel by way of their own trucks.

Mobil also sells me all of my Motor Oil. It is stored in cases (24) and I dispose of the empty cans in my trash dumpster.

I keep approximately 3-4 cases of Anti Freeze in stock. I also have a cleaning tank which we use to clean parts. The tank + solvent are serviced quarterly and they dispose of the dirty solvent.

I keep a few cases of aerosol cleaners + lubricants used in the auto. trade.

I would like you to keep me in touch regarding any ground or water problems.

Thank You

Rich McPhillips
